

ST. JOHN'S JESUIT HIGH SCHOOL & ACADEMY
ANNUAL REPORT 2018-2019

MISSION STATEMENT:

ST. JOHN'S JESUIT DEVELOPS CHRISTIAN LEADERS. AS A CATHOLIC SCHOOL IN THE JESUIT TRADITION, WE INSPIRE EACH STUDENT TO ACHIEVE HIS GREATEST POTENTIAL IN A DIVERSE, CHRIST-CENTERED ATMOSPHERE DISTINGUISHED BY ACADEMIC SUCCESS AND SERVICE AS A MAN FOR OTHERS.

“JESUIT SCHOOLS ARE COMMITTED TO BEING ACCESSIBLE TO ALL”

—PEDRO ARRUIPE, SJ, SUPERIOR GENERAL OF THE SOCIETY OF JESUS (1965 – 1983)

Accessibility is essential to our mission at St. John’s Jesuit. “Bring them in their door, and send them out ours”—a phrase echoed time and again since 1965. Simply stated, a Jesuit education will meet students where they are and graduate *Men for Others*. Alumni will testify, if made accessible, the opportunities at St. John’s Jesuit can lead to possibility, to knowledge, to human relationships, and to resources—both earthly and spiritual. More than 50 years later, our mission is steadfast. Students come from all backgrounds: privileged, underserved, gifted, special-needs, Catholic, Hindu, athlete, artist, down the street, and up Interstate 75. Their journeys meet at 5901 Airport Highway, and they become forever impacted by the experience of belonging to the Titan community.

Inspired daily by our history and Jesuit roots, we hold a deep appreciation and humility in knowing that the Society of Jesus is the oldest organized education system in the world. It all started with three friends—Ignatius Loyola, Francis Xavier, and Peter Faber—whose hearts were on fire with zeal and love for God. They knew from the beginning that the mission of the Church, the light of Jesus Christ, would carry on through education. We exist as a Catholic school for this purpose. We are grateful beyond measure for those who help by gifting to St John’s Jesuit in a variety of ways and at a variety of levels. Every donor makes a difference. Every donor enables us to open the door and make a Jesuit education accessible.

WELCOME FROM THE PRESIDENT

St. John's Jesuit is moving forward, meeting the challenges of educating students in 2020. Thank you for the role you are playing to make all of this growth happen. Each year, we graduate young men who, for their years at St. John's Jesuit, have benefited from *Cura Personalis* and are prepared to go out and make a difference as *Men for Others*. They have been given opportunities to learn to think for themselves, provide leadership, work as part of a team, and advocate for the underdog. Providing a well-rounded and rigorous curriculum, partnered with retreats, Christian service, and experiential options, gives our students a special preparedness. A Jesuit graduate has a distinct quality that is recognized in our local community and on a national, even global, level.

Alumni, current and past parents, friends of the Titan family, and members of our Board of Trustees provided more than \$2.2 million in monetary gifts. This amount is more than just a number. The generosity of donors opens doors to those who would not be able to afford a Catholic Jesuit education. The generosity of our donors enhances the student experience, allowing us to be forward-thinking in the ways we empower students to reach their fullest potential. Many of these contributions were for direct support of our young Titans through Adopt-a-Student, our 20/20 Program, named scholarships, or general financial aid, benefitting 73 percent of our families. Some gifts have enhanced student/teacher resources, such as 21st Century classrooms and tech labs, while others have enhanced the way we welcome others to our school, specifically outside signage and our Eidi Admissions Center. Several gifts have been put in place that will be used to advance future student opportunities.

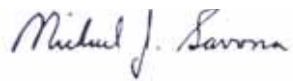

I am proud to report to you the 2019 endeavors that strive to meet the needs of every kind of student:

- Expanding the Office of College Counseling to specifically include career counseling
- Launching an esports team that will compete in state-selected video games against other schools
- Increasing student opportunities in business and entrepreneurship through a series of clubs developed over the next three years, including portfolio investment, data analytics, Bloomberg Terminals, Shark Tank (presentation of business plans), and a student-run campus business

All the above happens because of *you*. More importantly, it begins with accessibility and affordability. With your help, we continue to make great efforts to enable each student to develop his own path for the Greater Glory of God. As we pay witness to the fantastic work of our alumni within church, community, leadership, and careers, we are humbled and proud of the legacy that is St. John's Jesuit.

Your continued support will help to raise the Titan community to an unprecedented level.

Thank you and God bless,

Mike Savona '75
President

An Address from the President Regarding COVID-19

I pray that you and your families are staying safe and healthy through the COVID-19 pandemic. St. John's Jesuit High School and Academy faculty, staff, students, and parents have positively responded to challenges as we have shifted to online learning for the remainder of the school year. We are confident that the entire Titan community will emerge from this unprecedented situation stronger and ready to face, head on, whatever the future holds.

Now, more than ever, our communities need Christian leaders, students formed to be loving, religious, intellectually competent, open to growth, and committed to doing justice. We are at a critical time, and your continued support through any of the gifting approaches set forth in this report will help us sustain our mission and maintain enrollment.

We have responded to the increased needs of families impacted by COVID-19 by setting up the Magis Tuition Assistance Program. This fund will ensure that a St. John's Jesuit education for new and current families remains affordable. Please return the enclosed envelope to support our young *Men for Others*. As always, I thank you for your support.

YOUR GENEROSITY
UNLOCKS A
STUDENT'S
GREATEST
POTENTIAL.

THANK YOU!

"The 20/20 scholarship has not only given me opportunities I never had, but also a second family I can always count on."

– Ford Frick '21

"Through my education at St. John's, I have grown spiritually, as well as in a brotherhood with my fellow students. I have been given the opportunity to expand my horizons and prepare myself for the next steps in life, at the highest level. St. John's has taught me what it truly means to be a Man for Others, and for that, I am forever grateful."

– Joey Hoppenjans '21

"I am grateful to be reminded daily at SJJ of all the things that are possible."

– Dean Christian '22

"I am very thankful for the opportunity to be formed as a good student with strong academic skills and, more importantly, as a Man for Others."

– Isaac Edwards '21

"As a scholarship recipient, I was given the opportunity to spend four years of high school at St. John's. I couldn't imagine being anywhere else. Now, I look forward to pursuing a degree in engineering at the University of Toledo."

– Jacob Jagos '20

"Our 20/20 donors have made it possible for a vision to become a reality. The vision was a Jesuit Education accessible to a diverse body of students by alleviating barriers. This vision became a stepping stone for our underserved young men to truly experience our Grad at Grad foundations –Open to Growth, Committed to doing Justice, Religious, Loving, and Intellectually Competent! The journey has compelled our graduates to follow in St. Ignatius' footsteps to 'Go forth to set the World on Fire.'"

– Mary Ann Barabino, Director of the 20/20 Jesuit Scholars Program

OPEN DOORS THROUGH PLANNED GIVING

Generations of graduates care deeply for the future of St. John's Jesuit and want to ensure strategic growth and development. Through planned giving, our mission of forming *Men for Others* in northwest Ohio is secured, no matter what the economic or political landscape. Those who include SJJ in their estate planning are indeed a group of like-minded individuals who hope to make the school strong and resilient for years to come. They strongly believe that what is being accomplished at St. John's Jesuit needs to continue going forward.

As our alumni population continues to grow, it is true that it is aging. In this regard, many of the earlier graduates are looking to support the school in ways they were unable to before. Those men, along with parents, grandparents, and friends of SJJ, make up a considerable group of people who are in a position to support St. John's Jesuit through planned giving techniques.

Until now, we have recognized those who support SJJ through planned giving as members of the Legacy Circle. Going forward, the Legacy Circle is now known as the St. John Berchmans Legacy Society to more closely align the generosity of these gifts to their long-term commitment to the ministry of a Catholic Jesuit education.

Planned giving can be achieved in several ways, including charitable bequests, annuities, stocks, life insurance policies, retirement plan assets, charitable trusts, and Required Minimum Distributions (RMDs). We advise prospective donors first consult with an attorney, accountant, or wealth planning professional to explore all the options. The Advancement Office will work diligently to make the process simple and transparent by initiating the gifting agreement with a simple form, known as a nonbinding "Letter of Intent".

Colonel Mark Swentkofske '84 decided to support SJJ by making St. John's Jesuit the beneficiary of a life insurance policy.

"The value and beauty of the Jesuit high school experience and education is not just your own experience, but how you can then provide the experience or make the experience better for others behind you. As a military officer, I was never capable of donating large sums of money to SJJ, although I wanted to. I did what I could when I could. The thought of providing that large sum upon my death was not only very possible, but something I really wanted to do. It will be my final gift to the institution that gifted so much to me and set my foundation for a life of opportunities and service."

10 SJJ HIGH SCHOOL & ACADEMY

Many have chosen the path of including St. John's Jesuit High School and Academy in their wills. One such couple is Dick and Dolly Flasck.

"Our two sons and grandson graduated from St. John's Jesuit, and we were very pleased with their experience. SJJ offers a strong academic program, dedicated faculty and staff and, more importantly, a values-centered education and atmosphere. We have seen the Jesuit Men for Others charism exhibited in our sons, grandson, and their friends, and we are grateful for the SJJ imprint. We have named SJJ in our wills because we believe it is an outstanding school and a real asset to our Toledo community."

For additional information about the process of planned giving and becoming a member of the St. John Berchmans Legacy Society, please contact Tim Malone '69, Director of Planned Giving, at (419) 720-0785 or tmalone@sjjtitans.org.

OPEN DOORS THROUGH CAMPUS UPGRADES

St. John's Jesuit first opened its doors on Airport Highway in 1965. In the last 55 years, the school has continued to expand its property and physical layout. Some improvements are very noticeable, like Lyden Field, and others can be less so, like replacing carpet in the hallways. As we continue to educate future *Men for Others*, we know that we must continually improve our building and grounds. Thanks to our generous supporters, we have that opportunity.

"We were motivated to support the construction of a new admissions space after hearing from the school administration that there was a need. Chris Knight and Mike Savona shared their vision. We were excited about this campus upgrade and knew if there was a way to support the project, we wanted to be part of the process. We felt honored and privileged to be afforded this opportunity to assist SJJ with something so crucial to enrollment and the betterment of the student body. Knowing how important first impressions are and that these facilities could make a positive difference in many ways only solidified our desire to be part of this upgrade.

Our hope is that this new space will be used to welcome incoming students with a warm and comforting environment, providing the best services and technology available to facilitate the young men of SJJ into becoming Men for Others."

– Ramy and Faye Eidi, P '21

"I was so prepared for college after my SJJ high school experience. I am forever grateful for all of the things I learned and the encouragement I received, and know I will probably never be able to fully repay SJJ.

Fifteen years ago, I realized the original bad gym floor we played on had never been replaced; we still couldn't play big games at SJJ because we lacked adequate seating and our sound system was horrible. I was blessed at the time to have the money from a recent business sale to upgrade the gym, so I called a fellow alum to see if he wanted to team up and tackle this project. The result was a new floor, which is so rewarding to see when we play St. Francis at home!!

The same concept applied to the football field; for this improvement, I teamed up with others to lead the campaign. For SJJ to continue to compete in the Toledo market and stay relevant, we needed a new stadium. It is great to see us host so many events that used to go to other venues.

Last year, I was driving down Airport Highway and passed our old school sign, which had been there since SJJ opened. I also started noticing that many other schools had updated digital signs that put ours to shame. I figured it was time to fix this problem and gladly funded the cost to upgrade our signage. I am amazed how this change improved our campus.

It is very important we have an updated, relevant campus we all can be proud of, and we have generous donors supporting this continued improvement."

– Jeff Savage '80

OPEN DOORS THROUGH PARENT GIVING

Parents choose to invest in their son's education at St. John's Jesuit High School & Academy for many reasons. Some are alums and want their son to receive the same education and foundation as they did. Some want a school for a strong faith-based education. The reasons are endless.

We work purposefully with families to ensure they can afford this education. What many might not know is that the cost of tuition does not fully cover the expense to educate their son, commonly known as a "gap." This difference is covered in many ways through fundraising, including by parents giving beyond tuition. For those who are capable, it is a way to pay it forward, but also an investment in future programming, capital improvements, and other initiatives that will benefit their son and future Titans.

If you would like to discuss parent giving, please contact Nick Vargas '06, Director of Advancement, at nvargas@sjtitans.org or (419) 720-0770.

"Andrew Carnegie said that it's more difficult to give money away intelligently than to earn it in the first place, and I've come to believe him. I happen to sit on the board of a small charitable foundation, and we spend much more time deliberating our charitable selections than on investing or other administrative matters. I've learned it's important and rare to find a cause which could really use the money, is sure to use it responsibly, and offers a means of leveraging the gift, so that the gift promises a larger future payoff than its monetary value would suggest.

In my own family's much more modest giving, we deliberate with the same three factors. As both a graduate and parent of a current senior, I've been gratified to discover SJJ fits these descriptions perfectly. While SJJ's future is certainly financially sound, it's still dependent on enrollment and financial gifts, and every size gift matters. Since my son started attending the Academy, I've had seven years to learn of the all-around excellence St. John's offers, and I feel confident that our financial gifts (as well as tuition) are very well used indeed. Finally, there's the simple fact of touching the future by helping to support a school. Students at SJJ become leaders and Men for Others, and they remain loyal Titans. Our giving may help fund a current student, who will most likely continue paying it forward (to St. John's and elsewhere in the world) long after we're gone.

My wife and I have another personal reason we support SJJ: I spent the bulk of my working life teaching at a Catholic high school, so we know of the financial and temporal sacrifices that everyone on the faculty, staff, and administration makes to be at St. John's. It's inspiring (and unmatched). And it's worth supporting, not least because it's a way to say thank you to everyone."

– Joe Gerhardinger '86, P '20

"We decided to support SJJ with a monetary gift because we are aware of how expensive a quality education is and how few people can afford to cover the whole cost of it from their own income.

We appreciate and applaud the two new programs SJJ was looking to fund in entrepreneurship and computer science. Both of these areas are underrepresented or largely absent in high school curriculums in the U.S., and we hoped our son and others will directly benefit from them, particularly because a stronger computer science program in high school can help students who aren't headed for college to find a job straight out of high school. We were also impressed with the obvious amount of work and thought that Mr. Savona and others at the school had put into these new programs.

Finally, we are grateful for the culture we've observed among teachers and administrators at SJJ and know firsthand how much our son has benefited from it. Specifically, SJJ balances an emphasis on academic rigor with other very important values. The middle way is often hard to find, but it is clearly a lodestar for SJJ."

– Dr. Patrick and Amy Gustine P '22

"As a graduate, I am forever grateful for past supporters whose gifts helped enhance my education at SJJ. Their commitment allowed me to receive an excellent education that serves as a cornerstone for my life. I believe the best way to honor and thank them is by committing my own support to benefit the next generation of Titans. Now that we are current parents, Sarah and I see the unwavering commitment of SJJ faculty and staff to continue the Jesuit traditions in our son, and we are excited to help keep SJJ at the forefront of educating young men in our area to be Men for Others."

OPEN DOORS THROUGH SCHOLARSHIP ENDOWMENTS

The availability of more than 150 named scholarships is witness to the incredible generosity of the St. John's Jesuit community. Every gift made in memoriam has a story impacted by Catholic education and formed in the Jesuit tradition as a *Man for Others*. The Paul P. Szymanski Scholarship is no exception.

Paul Szymanski battled brain cancer for more than 14 years. God revealed through his struggles so much goodness, so much love. Paul's legacy lives on not only in his family and friends, but also in the 13 students who have graduated from his grade school alma mater, St. Patrick of Heatherdowns, and received the Paul P. Szymanski Scholarship to attend St. John's Jesuit. His story is best told by his wife Sandra:

"Paul was, first and foremost, a gift to all who knew him and to all who came across his path in this world. He was the brightest spot in any room he entered because he had an undeniable gift of making others feel at ease, accepted, and appreciated. He exemplified what it means to be a Man for Others.

Just five years into our marriage Paul took on brain cancer with determination and a sense that this battle was just something he had to endure. His life example was his mission. He was so inspirational to everyone who watched him walk through this struggle and even more of a support to those who were diagnosed. In the middle of all of it, Paul kept the faith. His net was cast wide, and God provided so many blessings that we will be counting them for years to come.

His roots at St. Pat's and SJJ were undeniable and an integral part of his character. He adored being a kid at heart and surrounded himself with his nieces and nephews. With no children of our own, these kids became our passion. A scholarship was started because of Paul's inspiration to his family and friends. We have David DePrisco '81 (and a St. Pat's grad) to thank for starting the conversation and for starting the fund. Family members met to come up with the criteria. Those meetings were wonderful and a great way to share stories. From these discussions, we decided that recipients should aspire to possess the qualities that Paul lived out:

- 1. Family first.*
- 2. Trust in God. Faith, hope, and love were reflected in how Paul lived.*
- 3. A demonstration that life is good. Paul had a positive and proactive approach to all situations.*
- 4. A fist-clenching determination to succeed in the face of adversity.*
- 5. A sense of humor and upbeat spirit. Go Irish! Go Titans! Go Rockets!*
- 6. Concern for others' welfare. Paul often would use the phrase, "What's your story?"*
- 7. An advocate for fairness.*

This year is the tenth anniversary of Paul's passing, and we are in our eleventh year of the Paul P. Szymanski Spirit Award Tournament. It is through this annual golf outing, as well as donations from family and friends, that the scholarship is funded. Paul's work here on earth continues. The SJJ Paul P. Szymanski '82 scholarship is an important reminder for our family of the gift of Paul's spirit and perseverance through adversity. We love sharing his story with the next generation of Titans. For me personally, it is awesome to be able to meet and be a part of the boys' path in life, on their way to becoming Men for Others."

OPEN DOORS THROUGH ACADEMIC INITIATIVES

Attracting and retaining academically talented students requires constantly evaluating curriculum and assessing the way the needs of students are met as they graduate into an ever-changing job market. Financial support for forward-thinking academic initiatives is vital and requires a leap of faith. In 2019, the first phase of the Business and Entrepreneurship Program (BEP) was launched with the introduction of the Entrepreneurs and Stocks Trading clubs. The vision for BEP is a series of offerings that develops a deeper understanding of financial markets; teaches money management, collaboration, and strategic thinking; provides hands-on learning opportunities; and builds confidence in students by giving opportunities to develop an idea supported by a business plan. Because of the generosity of donors who desired to direct their gift to curriculum development, the BEP will soon move on to the second of three phases, and we anticipate it will be fully integrated into the curriculum for the 2021–2022 school year.

Business and Entrepreneurship Program Highlights

- Purchase of software to enhance learning of the financial market (certification is available with modules on economics, fixed income, equities, and currencies)
- Creation of an Investment Club
- Creation of a student-run small business division of St. John's Jesuit, such as a café or bookstore
- Ideation whereby students develop a concept and, in "Shark Tank" style, develop a business plan and propose it to an investment team
- Critical thinking skills formed for data, analytics, and dynamic storytelling.

If you would like to discuss giving to academic initiatives, please contact Nick Vargas '06, Director of Advancement at nvargas@sjtitans.org or (419) 720-0770.

"I believe strongly that entrepreneurship will continue to expand as a key driver of our economy and innovation across the board. That said, I don't think it's taught as a path forward in many educational settings, as many people just fall into it or have a natural propensity. I'm a big advocate for SJJ taking a step to help more students take that route in their career. The earlier you can teach an entrepreneurial mindset, along with the skills, the more value you get from a respective education. I think the fact that SJJ has made this area a focus is a huge benefit to the students' success as our economy rapidly evolves with technology and innovation."

– Patrick Richard '95

"In today's competitive environment, schools need to provide more than just the basics of 'reading, writing, and arithmetic.' As an elite institution in northwest Ohio, SJJ offers programs that accentuate real-life learning and are requirements to help form the leaders of tomorrow. We have chosen to support the Business and Entrepreneurship program so that when the young men of northwest Ohio make their high school choice, they see that St. John's is not just 'another school.' It's different... more forward thinking. Constant connectivity has changed the world and continues to influence things more and more. Time and distance have shrunk, as information is instantaneous. Being an entrepreneur is a life skillset that melds perfectly into the breakneck speed of today's world, whether one wants to be in business or, frankly, any other occupation! The world is a vastly different place. Can we afford to stay in the status quo? Bob Iger, Executive Chair of Disney, lives by the mantra, "innovate or die." SJJ is uniquely positioned, by nature of its bedrock belief in the Jesuit way, to be an innovator in northwest Ohio."

– Jamie Happ '90

OPEN DOORS THROUGH THE YOUNG ALUMNI COUNCIL

A new alumni initiative, known as the Young Alumni Council (YAC), provides graduates who are younger than 40 with the opportunity to come together to share their great passion for SJJ and its mission to develop *Men for Others* in Northwest Ohio. YAC members are asked to pledge a gift at the President's Council level, which is \$1,500 per year, for four years. The group meets quarterly and offers support to important events such as Open House, Diocesan 8th Grade Visits, and Vocations Day. Members give of their time and talent by speaking to students about professional expertise and career choices. These men want to be stakeholders in the school now and for years to come. Since its founding in 2018, the Young Alumni Council has more than tripled in size. Many members live out of town and even out of state. No matter the distance, those who decide to join do so as a means of staying connected to their Jesuit roots. Doug Pearson, "Coach P.," has spearheaded the organizing and recruiting efforts for YAC and has been instrumental in giving the group a place and a purpose. "This group has many talents; they are very enthusiastic about their line of work, and they all share a love for SJJ. They want to be *Men for Others* in their giving—both financially and with their time."

If you would like to discuss joining the Young Alumni Council, please contact Doug Pearson '82, Director of Leadership, at dpearson@sjjtitans.org or (419) 720-0779.

A LETTER FROM THE BOARD PRESIDENT

Friends of St. John's Jesuit,

Last year, 2019, was a remarkable year at St. John's Jesuit. Among the highlights were the enrollment of the most freshmen in the Diocese, the arrival of three Jesuits, our building remodeling—which included a new Admissions Center and modular classrooms—and the addition of two significant entrepreneurs to our Board of Trustees. Our senior graduates were awarded more than \$15 million in college scholarships. In sports, St. John's Jesuit won the Three Rivers Athletic Conference (TRAC) in baseball, cross country, soccer and golf, and, for the seventh consecutive year, won the All-Sports trophy.

We are grateful for the leadership of President Mike Savona '75, Chief Operating Officer Chris Knight '78, their staffs, our excellent instructors, and the outstanding and involved Board of Trustees.

We also thank you for your prayers and your generous support. Our Jesuit mission could not be accomplished without you. As conservatively as we spend, our cost per student still significantly exceeds tuition.

Your generous support makes our success and the success of our young men possible.

Richard B. McQuade, Jr.

Richard B. McQuade, Jr.
Chairman, Board of Trustees
St. John's Jesuit High School and Academy

Permit #205

Lord,

teach me to be generous.

Teach me to serve you as you deserve;

to give and not to count the cost,

to fight and not to heed the wounds,

to toil and not to seek for rest,

to labor and not to ask for reward,

save that of knowing that

I do your will.

- St. Ignatius of Loyola
